Creating A Better Shirt

When you look good, we look good. Our Create A Better Shirt program gives you the tools and knowledge you need to make your design stand apart from the pack.

1 BASIC
Image print as sent to us. A standard design in a standard location.

2 GOOD
Enhanced design with a "modern" look. Elements related to the style of the print are added.

3 BETTER
Add special effects for some "pop." A background is added and run as Retail Soft to bring out the foreground.

4 BEST
Unique locations give a unique feel. Imprint is enlarged to an oversize print.
